

NSW National Rally

Friday 17th March – Friday 24th March 2023

How to get there

The Sapphire Coast is located approximately halfway between Melbourne and Sydney, on the far south coast of New South Wales.

It is only a 3 hour drive from Canberra via Cooma or a 6-7 hour drive from either Melbourne or Sydney. Flights operate between Merimbula, Sydney & Melbourne.

Fly, drive or catch a bus – there are many options available.

Getting to the Sapphire Coast is easy, choosing from the huge range of things to see when you're here might take some more time!

AUTUMN / March

Summer fades into a pleasant autumn and mild winter with about 10 hours of daylight a day. Waters stay warm right through autumn and are perfect for wilderness adventures such as kayaking, bushwalking, mountain biking, diving or fishing. Even on below-average days, when a storm races across the landscape and whips up the sea, there's nothing quite as exhilarating as a visit to our rugged coastline. Temp 14 /24 deg

Tathra

Tathra is surrounded by 55km of excellent mountain biking trails. Hire a top quality hardtail mountain bike, dual suspension mountain bike or **electric mountain bike** from Tathra Beach & Bike. The store also hires out stand-up paddleboards, single kayaks and tandem kayaks.

The only deep sea timber wharf on the east coast of Australia, the wharf, built in 1862, is popular with families, fishermen, divers, snorkellers and photographers. Within its terracotta-coloured timber walls there is a museum that showcases the history of the wharf and the dairy-rich region, and the in-demand Wharf Local café.
