G'day you lot, well here's the go.

In 2024, Queensland, is the place to go.

***We've given it some thought and checked it out,
Those grey nomads of course know what's it all about.
For years now in cooler times, they've set their sights
on Northly climes.***

***To the Tropic of Capricorn for 'fun in the sun',
And they don't bloody leave 'till the winter is done.***

'The Griffin Goes Troppo' – now there's the theme.

Its got to be a Vauxhall lovers' perfect dream.

Rockhampton you'll see on the promo we show,

Will have you excited & rearing to go.

***So mark the dates on the calendar & wall
and bring Bedfords and Vauxhalls and come see it all.***
